

2009 Show Place Arena Floor Diagram

Spectator seating for thousands in an oval shape raised around the six main drilling areas. Those who are spectating must remain in these raised seating areas. Performing cadets, team instructors and those needing info/first aid or having other business are welcome to enter the main drill floor. Both the Regulation and Color Guard sequences have been designed to incorporate the angled wall that encroaches into the drill areas. Schools should practice the sequences as they are quite challenging!

NOTE: EXTENSIVE SIGNAGE WILL DIRECT ATTENDEES ON SITE.
