What are the dates of your spring break? _____ until _____

MASTERS LEVEL: Our school requests entry into the Masters Level of the 2011 National High School Drill Team Championships. Enclosed is our school's Masters Level Registration Fee of \$300.00 (payable to Sports Network International), for the 2011 Nationals to be held in Daytona Beach, Florida on Sunday and Monday, May 1st-2nd. I understand this Registration Fee is non-refundable* and if accepted by SNI, locks our entry space into the event.

PLEASE INDICATE THE NUMBER of TEAMS you plan to enter into each event. Maximum TWO TEAMS allowed per division.
~~ No single cadet may compete for more than one team. One team can enter all events in a single Division. ~~

DEMILITARIZED DIVISION

(this event is held all day on Saturday, April 30th, 2011)

Estimated People Attending: Total Male Cadets _____ Total Female Cadets _____ Total Adults (Instructors & other Adults) _____

* Registration fees are non-refundable after the entry deadline with the following exception: If your school is not accepted into the competition level requested, SNI may suggest switching to a different level. Should you decline to move your team(s) to a different competition level, **your registration fee will be refunded in its entirety.** Schools can request to enter teams into both competition levels (by entering less experienced squads into the challenge level). Please contact SNI regarding registration fees when entering teams into both levels. Please fill out the appropriate section(s) on the back of this registration form. This information will be strongly considered when evaluating your team's acceptance into your requested level. Fill them out with as much information as possible.

Official NHSDTC Registration Form - School Qualifications

School Name: _____

General Information for Nationals Attendees: Past Nationals attendees will be heavily evaluated based on their most recent overall finishes. All others will be strongly based on what you write here - **attach additional pages if you feel it is necessary to make your best case to be accepted!**

For Schools Petitioning to Enter the Masters Level Competition

Please detail below items regarding your drill team performance in past drill competitions. While strong single event finishes are impressive, OVERALL TEAM PLACEMENT at a drill meet is far more impressive and useful in determining whether your team will be accepted into the Masters Level of the Nationals. When referring to a drill competition, please be sure to list the name of the drill meet, the location (city/state), and a point of contact with a telephone number. A good rule-of-thumb is: If your school gained a finish in the top 1/2 OVERALL PLACEMENT in any Masters Level Division at the Nationals, you should have little problem being accepted to return to the Nationals.

For Schools Petitioning to Enter the Challenge Level Competition

Please detail below items regarding your drill team that you feel would warrant your placement within the Challenge Level competition. When referring to a drill competition, please be sure to list the name of the drill meet, the location (city/state), and a point of contact with a telephone number. A good rule-of-thumb is: If your school is newer and does not consistently finish near the top at local drill meets or in the top half at regional drill meets, you should be applying to enter the Challenge Level. However, please be aware that selection for the Challenge Level is just a small notch beneath the Masters Level. Please outline your strengths to the best of your ability.

A Quick Reminder to All Schools Planning to Attend the Nationals

*If you are planning to attend the Nationals this year, please ensure that this NHSDTC **School Registration Form** and the **School Registration Fee** is RECEIVED by Sports Network International **no later than Friday, December 3rd, 2010.** Schools who register after this date are generally placed on a waiting list with a limited chance gaining entry into the event.*

CONGRATULATIONS AND GOOD LUCK!

Please remember, competition spaces are limited. Registering by the deadline DOES NOT guarantee that your team will be accepted!
